UNFINISHED BUSINESS

SECONDED READING OF BILL NO. 2021-034 AN ORDINANCE APPROVING FINAL SITE PLAN FOR THE WESSELMAN STORAGE UNITS AT 1424 W. ASHLEY ROAD.

Ms. Davis read, by title only, and copy of the bill. Mr. Venable moved, and Mr. Cowherd seconded the motion to approve the bill. Ms. Fjell asked Mr. Hage Building Inspector to update the council on the project. Mr. Hage stated that due to the holidays the outstanding items identified by planning and zoning have not been completed. It is his recommendation to include in councils' approval that a building permit not be issued until the issues are resolved. Mr. Cowherd asked for a summary of the outstanding items, Mr. Hage stated they are updated stormwater calculation for the addition, and further information about a retaining wall or footing for a storage unit that is close to a steep slope.

Mr. Venable motioned to amend his previous motion to include that a building permit will not be issued until those outstanding issues have been reviewed and approved by city staff and city engineer. Mr. Cowherd seconded the amendment. With no further questions about the amendment roll call was taken. Roll call was taken. Ayes: Cowherd, Hurt, Elbert, Venable, Turner, Young and Meadows. Total (7) Opposed: None (0). Absent: Michael Stock. Total (1) Motion Carried

REPORTS OF CITY OFFICIALS

CITY ADMINISTRATOR

Ms. Fjell introduced Jeff Ditto to talk about the temporary one way on 7th street. Mr. Ditto came before the council and stated there will be a final decision on the one way at there next street and alley meeting this month. Mr. Ditto wanted the council members to get the word out to their constituents and maybe get some thoughts and opinions on the one-way street.

Mr. Cowherd asked if there had been any issues so far with the street being a one way, Mr. Ditto stated that there had not been any issues. Police Chief, Bobby Welliver stated there have not been any complaints to their officers about the change.

MAYOR

MISCELLANEOUS

Mr. Turner commended the City Administrator, Kate Fjell, for the great leadership she had shown in the past year, Mr. Turner also thanked the department heads for all their hard work and effort this past year and advised them to pass the thanks to their teams. Mr. Turner also requested that all the council members go back and look at the role and responsibility of city government and to think about their role. One role as a council member is to try and bring government to the community. Mr. Turner stated that he would like to focus on that in 2022. Mr. Turner stated if the council brings up an issue and the idea is rejected, he would like to have an answer as to why it was rejected other than "That's how we have always done it". Mr. Turner feels there is a better answer to the issues.

Mr. Turner inquired about a recent fire in town and asked if there were any regulations as far as cleanup of the property after the fire. Police Chief, Tim Carmichael came before the council and stated there is an ordinance that if the property is over 50% damaged the city can retain 25% of the insurance proceeds until the property is either repaired or demolished. Mr. Carmichael stated that sometimes the building inspector gets involved to determine damages and if the property is salvageable. Mr. Hage stated he will give the property owner 2-3 months to get the property cleaned up. If they do no, then the city will step in and go through a dangerous building process and use the insurance money towards demolishing the property.

ADJOURN

With no further discussion, Mr. Young moved, and Mr. Turner seconded the motion to adjourn at 7:24 p.m. and the voice vote was unanimous.

Respectfully Submitted,

Amber Davis, City Clerk

Approved:

Ned Beach, Mayor

1. CALL TO ORDER: Mr. Hage served as chair for the meeting, with Chairman Billings' absence. Mr. Hage called the meeting to order and 6:02PM.
- 2.
3. MINUTES: Mr. Beach moved, and Mr. Snoddy seconded a motion that the minutes be approved. Motion passed unanimously.
4. HEARING OF PUBLIC COMMENTS:
None
5. OLD BUSINESS:
None
6. NEW BUSINESS:

a. 512 Investments Rezoning and Plat Review

Mr. Hage opened the conversation by updating the Commission on the Plat review. Mr. Vogler, City Engineer, reviewed the plans and offered the following comments:

1. Erosion Control silt fence plans are not sufficient to catch erosion on the east side of the development. The south side silt fence will be overloaded with this mush development on a small lot. Need an intermediate silt fence between residential and warehouse buildings.
2. Need to show preliminary stormwater collection system
3. Section 4.3 (e) "Dwelling uses, except hotels, located in C and M districts must provide the yard requirements in the R-3 district." The dwellings in the preliminary site plan do not meet the yard requirements.

4. Section 6.2 (h) "For all uses except those above specified when located in the C-1 district, one space for each 300 square feet of floor area." The Warehouse buildings require 93 parking spaces and only have 29 spaces indicated.

Mr. Hage stated that the City received revised plans at 4:00 PM the day of the meeting addressing some of the concerns. The developers communicated with Mr. Hage and Ms. Fjell the following information:

- We have added erosion control fence to the plan showing sufficient capacity to prevent overload of the south side fence. That is shown on the plan.
- We have added the storm water collection system to the plan.
- We have added the note to the plan that says: "FINAL PLANS FOR THE DWELLING UNITS WILL COMPLY WITH THE YARD REQUIREMENTS WITHIN THE R-3 ZONING DISTRICT"

This means that at the time of final plat for the dwelling units, we will provide adequate space for the required yard per the current ordinance.

- We would like to discuss alternatives with the Planning & Zoning commission at the meeting tonight. Those alternatives are either:
 1. (A) require a conditional use permit for any commercial use on this site, and as part of that conditional use permit, we shall justify any parking required for that use.
 2. Or (B) we will amend the plan to adjust parking as required. If option B is the case, we would ask this be tabled to the February P&Z meeting until we can have a new plan prepared. If the option of a conditional use permit is possible to address the parking, we would request this be voted on and sent to Council at tonight's meeting.

Mr. Hage stated that he wanted to discuss with the Commission their revisions and comments in light of the rezoning request. Mr. Hage stated that throughout his conversations with 512 Investments, it has been discussed that the preliminary plan is more speculative and that the developers are open to whatever development possibilities may come up for the property. Mr. Hage stated that typically the Commission would not recommend rezoning a property with such a speculative plan. The rezoning alters the allowable uses on the site and past Commissions would not allow the variances being asked by the developers on a rezoning application. Mr. Hage stated that while there is quite a bit of mixed use in the area, it is generally zoned R-2 and that rezoning it to C-1 would in effect create a spot zoning, which past Commissions have also tried to avoid.

Mr. Venable stated that while he is fine with the C-1 request, he believed the proposed housing tucked in the back of the lot seems awkward and incongruous with the development plan.

Mr. Hage also stated in regards to the residential development, that the Commission tries to avoid dead-end streets with no cul-de-sacs, creating difficult one way ins and outs. Mr. Hage stated the developers hope Al Bersted Drive can be extended to create a secondary access point; however, that is also speculative.

Mr. Beach stated that in the proposed plans and communication there is lots of "ifs, buts, and whens" but no assurances or commitments. He does not think rezoning is appropriate on the speculation.

Mr. Hage stated that if we allow the rezoning today, the developers could come back with a completely different final plat later for development and the options for the Commission are only that it adheres to the development standards, not a discussion on the highest and best use for the property.

Mr. Snoddy asked if they are willing to reduce the density of use on the site. It seems like they are trying to do too much on a small plat. Mr. Hage stated that they may be reconsidering, he had a conversation with one of the partners of 512 Investments and discussed some of the issues then. However, he is not sure. Mr. Snoddy then stated that if it doesn't meet the requirements set out in code, we should not approve it.

Mr. Warren stated that if we allow these variances, then we will open the door for future variance requests. The purpose of the codes is to be a set of rules all developers should adhere to.

Mr. Greis asked if the developers would consider just doing a small housing development on the lot, since they already redid the single-family home on the adjacent lot, instead of trying to cram several activities on one lot. Mr. Greis also asked if the detention pond drawn is big enough to support the proposed development.

With no further discussion and no motion, the request died for lack of a motion.

7. MISCELLANEOUS:

Ms. Fjell asked the Commission if they would like to revisit the current design standards for storage facilities in town. She stated that Mr. Vogler commented that many of the storage units currently in town can have ingress and egress issues, such as not being able to drive around the building. Ms. Fjell asked the Commission to think about these issues and if they would want to look into adding to the existing requirements for future developments.

Mr. Venable asked Mr. Hage for an update on the Wesselman storage unit development. Mr. Hage stated that we are still waiting on stormwater calculations from their engineer for Scott to review.

8. ADJOURN

Mr. Venable moved, and Mr. Hage seconded a motion to adjourn the meeting. The motion passed unanimously. The Meeting adjourned at 6:32 PM

Respectfully submitted,

Kate Fjell, City Administrator
