DRAFT COPY PENDING CITY COUNCIL REVIEW AND APPROVAL

City of Boonville
Sine Die Meeting
City Council Minutes
April 9, 2019

The Boonville City Council met for the Sine Die meeting on April 9, 2019 at 7:00 p.m. in the Council Chambers located at 525 East Spring Street, Boonville Missouri. The following officers were present: Ned Beach, Mayor; and Teresa Studley, City Clerk. Irl Tessendorf, City Administrator; and Doug Abele, Interim City Counselor were absent.

NOTICE POSTED: Friday, April 5, 2019 at 1:47 p.m.

CALL TO ORDER – PLEDGE AND PRAYER

The meeting was called to order and Mayor Ned Beach led the prayer following the pledge of allegiance.

ROLL CALL

The following Council Representatives were present: Henry Hurt, Morris Carter, Whitney Venable, Vanessa Dorman, Michael Stock, and Steve Young. Council Representatives Brent Bozarth and Susan Meadows were absent.

HEARING OF CITIZENS' COMMENTS

No comments were offered.

APPROVAL OF THE MINUTES OF THE APRIL 1, 2019 REGULAR COUNCIL MEETING

The minutes were approved as presented.

CONSENT ITEMS

None.

PRESENTATION OF ACCOUNTS AND CLAIMS

Ms. Studley read the ordinance in its entirety and a second time by title only, since a copy of the ordinance had been made available prior to the meeting. Mr. Carter moved, and Mr. Venable seconded the motion for approval. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried.

UNFINISHED BUSINESS

SECOND READING OF BILL NO. 2019-012 AUTHORIZING EXECUTION OF STATE GRANT FOR AIRPORT IMPROVEMENTS

Ms. Studley read, by title only, a copy of the bill. Mr. Carter moved, and Mr. Stock seconded the motion for approval. With no discussion, roll call was taken. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried.

NEW BUSINESS

FIRST AND SECOND READING OF BILL NO. 2019-013 ACCEPTING THE RESULTS OF THE APRIL 2, 2019 BOONVILLE MUNICIPAL ELECTION

Ms. Studley read the bill, in its entirety, and a second time by title only, since a copy of the ordinance had been made available prior to the meeting. Mr. Carter moved, and Mr. Stock seconded the motion to approve the election results.

Mr. Venable stated that Exhibit A is written incorrectly with the incorrect ward numbers for the Councilman, on the results for Ward 2, Ward 3, and Ward 4. Mr. Venable moved, and Mr. Carter seconded the motion to amend Exhibit A with the corrected certification, correcting Ward 1 for Michael Stock, Ward 2 for Vanessa Dorman, Ward 3 for Whitney Venable, and Ward 4 for Morris Carter certifications. With no questions, roll call was taken on the amendment. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried.

With no further questions or comments, roll call was taken on Mr. Carters motion to approve the bill with the approved amendment. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried.

2018-19 COUNCIL ADJOURNMENT (SINE DIE)

With no further discussion, Mayor Beach entertained a motion to adjourn the 2018-19 City Council. Mr. Carter moved, and Mr. Hurt seconded the motion to adjourn the 2018-2019 City Council. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried.

SWEARING IN OF NEWLY ELECTED OFFICIALS

City Clerk, Teresa Studley, administered the Oath of Office to the newly elected officials for 2019-2020: City Attorney, Brad Wooldridge; Council Representatives Michael Stock (Ward 1); Vanessa Dorman (Ward 2); Whitney Venable (Ward 3); and Morris Carter (Ward 4).

CALL NEW COUNCIL TO ORDER

Mayor Beach called the 2019-2020 Council to order.

ELECTION OF MAYOR PRO TEM

Mayor Beach opened the floor for nominations from the Council for Mayor Pro Tem. Mr. Young nominated Mr. Morris Carter with Mr. Hurt seconded the nomination. No further nominations were offered. Mayor Beach called for roll call. Ayes: Hurt, Carter, Venable, Dorman, Stock, and Young. Total (6). Opposed: None. Total (0). Absent: Bozarth and Meadows. Total (2). Motion Carried. Mr. Carter will be Mayor Pro Tem for Fiscal Year 2019-2020.

REPORTS OF STANDING COMMITTEES

None.

REPORTS OF CITY OFFICIALS

CITY ADMINISTRATOR

No report was provided.

MAYOR

No report was provided.

MISCELLANEOUS

Mr. Stock stated that while he was out for the past couple of weeks, he has had several positive comments regarding the quick snow removal and the removal of tree debris from the winter storms. The constituents wanted city staff and crews to be aware of how grateful they are and how much they appreciate their efforts. Mr. Stock reminded everyone that if there is any tree debris remaining on properties, to put them at the curb for city crews to retrieve. Mayor Beach agreed with Mr. Stock's positive comments.

ADJOURN

With no further discussion, Mr. Young moved, and Mr. Stock seconded the motion to adjourn the meeting at 7:14 p.m. and the voice vote was unanimous.

Respectfully Submitted,

Approved:

Teresa Studley, City Clerk

Ned Beach, Mayor

ORDINANCE APPROPRIATING MONEY

Be it Ordained by the Council of the City of Boonville, as follows:

Section 1: For the purpose of paying salaries and various accounts against the City of Boonville, which have been allowed by the Council, at the regular meeting thereof on April 15, 2019 the sum of **\$571,393.11**

General Fund	\$346,202.89
Sanitation	\$25,440.87
CIP Tax	\$10,370.49
Water Works	\$110,243.89
Capital Projects	\$27.00
Waste Water	\$38,789.47
Tourism	\$3,487.06
Gaming	\$36,831.44
Parks/Water	\$0.00

Section 2: The Accountant is hereby authorized and instructed to draw checks on the respective City bank accounts, in favor of the persons whose salaries and accounts have been allowed as above, amounting to **\$571,393.11** being the total amount of money above appropriated.

Section 3: This ordinance shall take effect and be in force from and after its passage. First reading on April 15, 2019 read for the second time this 15th of April, 2019 since a copy was made available prior to the meeting.

Approved April 15, 2019 _____
Mayor

Endorsed April 15, 2019: I hereby certify that a sufficient sum of money stands to the credit of the City, unappropriated, in the various funds to meet the requirements of this ordinance.

Accountant

MEMORANDUM

TO: Irl Tessendorf, City Administrator 

FROM: M. L. Cauthon III, Director of Public Works

DATE: April 9, 2019

RE: Mini Excavator Purchase

Our continuing large project and construction initiative has, clearly, demonstrated the versatility of the mini excavator. Two years ago, we purchased a unit that has been in constant use for project construction and routine tasks. Our current mini excavator is shared by Parks and Public Works Departments. Regularly the project and construction tasks and schedules for the crews for both departments conflict, hindering progress with delays. We have had limited success with minimizing the equipment shortage caused delays by renting a mini excavator. However, locating an available machine to rent and scheduling deliveries, etc. are a challenge.

To ensure sustained progress for the project and construction initiative we have investigated purchasing a second mini excavator. To qualify for our consideration the price of a machine quoted by a vendor had to be or match a cooperative purchasing program price. We received quotes on four excavators offered by two vendors.

Crown Power & Equipment; Kubota KX080, \$93,659.33

Crown Power & Equipment, Kubota KX080, \$92,772.45

Bobcat of Columbia, Takeuchi TB290, \$90,500.00

Bobcat of Columbia, Bobcat E85, \$82,671.12

The Kubota and Bobcat machines are offered under the Sourcewell cooperative purchasing program. The Takeuchi machine is quoted with a manufacturer offered discount to match the Sourcewell prices.

Our experience has shown us that a key feature of a mini excavator is the integrated dozer blade. That dozer blade on the excavator regularly allows

an operator to backfill, grade and dress an excavation task without a supplemental skid steer machine on-site. For maximum functionality that integrated blade is best configured with the angle and float features. Of the four machines quoted the Bobcat E85 is not equipped with an angle blade.

I recommend we accept the quote offered by Bobcat of Columbia of \$90,500.00 for the Takeuchi TB290 mini excavator.

A handwritten signature in blue ink, appearing to read "M. L. Cauthon III", with a stylized flourish at the end.

M. L Cauthon III

BILL NO. 2019-14

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF BOONVILLE, MISSOURI VACATING AN UNIMPROVED STREET PLATTED IN THE HAZEL LANE ADDITION.

WHEREAS, the City of Boonville holds title in trust for a public purpose to the above-described property in the Hazel Lane Addition, platted in 1947 recorded in Book C, page 27 in the office of the Cooper County Recorder of Deeds; and

WHEREAS, petitions requesting the City vacate its interest in the property has been filed with the City, a true copy of which is attached hereto as **Exhibit A**, and

WHEREAS, pursuant to Section 88.637, RSMo, the City has the authority to vacate a street if deemed necessary or expedient; and

WHEREAS, the City has investigated and determined that there are no utilities in the publicly dedicated right of way nor any need of said street for ingress or egress to or from neighboring property; and

WHEREAS, the Hazel Land Addition is no longer planned and the petitioners desire to keep the parcel whole; and

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BOONVILLE, MISSOURI, AS FOLLOWS:

SECTION 1: That the City of Boonville, Missouri hereby vacates the platted street legally described and recorded as Hazel Lane Drive at Book C, page 27 in the Office of the Cooper County Recorder of Deeds.

SECTION 2: That the Council finds this vacation to be expedient and that the City and its residents shall not be damaged as a result of this vacation of the public right of way.

SECTION 3: That all right title and interest in the property shall revert to the present owner of the property recorded as Hazel Lane Addition.

SECTION 4: That a certified copy of this Ordinance shall be recorded in the land records of Cooper County, Missouri through the Recorder of Deeds for same.

SECTION 5: That this Ordinance shall take effect and be in full force from and after its passage and approval.

FIRST READING: April 15, 2019

READ FOR THE SECOND TIME AND PASSED THIS 6th DAY OF MAY 2019 AFTER A COPY OF THIS ORDINANCE AND ITS ATTACHMENT HAVE BEEN MADE AVAILABLE FOR PUBLIC INSPECTION PRIOR TO FIRST READING OF THE BILL.

PRESIDENT OF THE COUNCIL

APPROVED THIS 6th DAY OF MAY 2019

NED BEACH, MAYOR

ATTEST:

TERESA STUDLEY, CITY CLERK

1770 Gateview Court
Columbia, Missouri 65203
Monday, March 4, 2019

RECEIVED
3/7/19

M. L. Cauthon,

On April 27, 2018, my son, Adam Banks and I purchased Lots 1-15 Hazel Lane Addition (book B-497) of the Bettie M. Geiger Trust. When we had the properties surveyed the road and cul-de-sac circle were not included in the deed. I am requesting that the city of Boonville provide me with a vacation of the undeveloped, platted street.

The survey of the property is being done by Tony Derboven (660-728-5028) of Central Counties Surveying, 600, 11 West Morrison Street, Fayette, Missouri 65248.

The Hazel Lane Addition was purchased with lot 6, Nelwood Heights Addition (book B-508). The address of the two combined properties (plat book C, page 27) is 1305 Jefferson Drive.

I appreciate any assistance your office can provide in completing this procedure.

Sincerely,

Mary Lynn Agnew

3/7/19

M. L. Cauthon,

On April 27, 2018, my mother, Mary Lynn Agnew, and I purchased Lots 1-15 Hazel Lane Addition (book B-497) of the Bettie M. Geiger Trust. When we had the properties surveyed the road and cul-de-sac circle were not included in the deed. I am requesting that the city of Boonville vacate the street right of way which is included on the original filing of the property recorded in the Cooper County Recorder's office.

The survey of the property is being done by Tony Derboven (660-728-5028) of Central Counties Surveying, 600, 11 West Morrison Street, Fayette, Missouri 65248.

The Hazel Lane Addition was purchased with lot 6, Nelwood Heights Addition (book B-508). The address of the two combined properties (plat book C, page 27) is 1305 Jefferson Drive.

I appreciate any assistance your office can provide in completing this procedure.

Sincerely,

Adam L. Banks

660-882-6340

NOTIFICATION OF TEMPORARY STREET CLOSURE / PARKING RESTRICTION REQUEST

Organization: Ss Peter & Paul Parish School Date: March 6, 2019

Name: Alan Lammers

Phone Number: 660-882-2589

Street Closure:

Ss. Peter & Paul Parish School has requested that 7th Street be closed, both sides, between the school's south playground parking lot entrance and Chestnut Street from 8:00 am Wednesday, May 8, 2019 to 2:45 pm the same day. In the event of cancellation, the makeup day would be Tuesday, May 14, 2019 to 2:45 pm the same day.

Parking Restriction:

_____ has requested that parking be restricted on both / ____ side(s) of _____ between (streets) _____ and _____ from (time, day, date) _____, 201_ to _____, 201_.

List the residences and businesses adjacent to the requested closure or restriction. Notify the affected parties and obtain a signature to confirm notification. Parties affected by the closure must sign the form in person, no verbal or phone approval allowed. If a party refuses to sign, please indicate the name and note the denial on this application. Persons with objections must appear before the City Council prior to the request approval to voice their concerns. Use reverse side if necessary.

Business Name:

Nelson
Mitch Leonard, Lenco Properties

Signature:

**BOARD OF PUBLIC WORKS
MEETING
March 28, 2019**

NOTICE POSTED: Monday, March 25, 2019 10:46 am

The Board of Public Works met at the City Services Building at 1200 Locust, 5:30 p.m. March 28, 2019. The following voting members were present: Ed Scrivner, TC Meller, Judy Stock and Van Donley. Susan Meadows, Council Representative and M. L. Cauthon III, Director of Public Works, were also present.

ABSENT or EXCUSED: None

MINUTES:

Minutes of the November 29, 2018 Board of Public Works meeting were approved as presented. The motion to accept was made by Mr. Scrivner, seconded by Mr. Meller. Voting yes: Scrivner, Meller, Stock and Donley. Voting no: none.

PUBLIC COMMENTS: None

ACCOUNTS:

Motion was made by Mr. Donley to approve the bills to be paid April 1, 2019. The motion was seconded by Mr. Scrivner. Voting yes: Scrivner, Meller, Stock and Donley. Voting no: none.

OLD BUSINESS: None

NEW BUSINESS: None

MISCELLANEOUS:

Mr. Cauthon briefed the board on the impacts of the on-going Missouri River flooding. He also briefed the board on the Hail Ridge sewer line extension project and the continuing implementation the new automatic meter reading (AMR) software and equipment.

ADJOURN:

With no further business, the meeting was adjourned at 5:55 p.m. with a motion from Mrs. Stock, seconded by Mr. Donley. Voting yes: Scrivner, Meller, Stock and Donley. Voting no: none.

Respectfully submitted,

M. L. Cauthon III

Approved by:

Ed Scrivner, Chairman

**City of Boonville
Police Board Minutes From
April 8, 2019**

NOTICE POSTED-Monday, March 25, 2019 at 10:46 A.M.

1. Meeting was called to order at 7:00 P.M. by Bobby Welliver

**A. Members Present: Gene Cummins, City Council
Representative Henry Hurt, and Chief Bobby Welliver**

**2. Members Absent: Ralph Twillman, Brett Cooper, Tom Halford, and
Michael Drew**

**Since a quorum was not present and there were no items to be
voted on, the attending members were briefed on the agenda
items.**

3. Guests Present:

4. Public Comments:

**5. Minutes from the February 11, 2019 will be held over until the
next regularly scheduled meeting for a vote.**

Reports

A. Chief Welliver

**1. We received notification that the department has completed
the Missouri Incident Based Reporting System (MIBRS)
three-month test period with a 100% compliancy score. We
made the permanent switch on April 1, 2019. The mandatory
date for Missouri Agencies is January 1, 2021 so we
completed the project well ahead of schedule.**

6. Unfinished Business

**A. The Rapid ID's are now in operation. We have two available in
the patrol vehicles for use by the officers.**

7. New Business:

- A. The 2019-2020 Budget has been approved by the City Council.**
- B. Bids for a new Police AWD were opened on 02/20/2019. The low bidder was WK Dodge in the amount of \$29,090.00. We ordered two new vehicles this year due to our K9 Vehicle being totaled from an accident. The delivery date hopefully will be in 6-8 weeks.**

8. Miscellaneous:

- A. Patrolman Aubrey Williamson resigned from the Police Department effective as of April 11, 2019.**
- B. Sgt. Christopher Studley is retiring from the Police Department effective on May 25, 2019**
- C. Patrolman Joseph Durham resigned from the Police Department effective as of 04/16/2019.**

We have a few applications and have completed testing and are in the interview process to fill our open positions.

Meeting Adjourned At 7:20 P.M.

Respectfully Submitted,

Chief Bobby Welliver

Parks and Recreation Board Meeting
Tuesday, March 19, 2019
Boonville City Council Chambers
525 East Spring Street
Meeting Minutes

Agenda Posted: March 14, 2019 at 4:55PM

Members Present: Kathleen Conway, Larry Heumann, Terry Davis

Members Absent: Matt Schneringer, Theresa Krebs, Albert Turner and Vanessa Dorman (Council Rep)

Staff Present: Paul Linhart and Kate Fjell

Call to Order

The meeting was called to order with a quorum present at 5:35PM

Approval of Minutes

Kathleen moved and Terry seconded a motion to approve the minutes as presented. Motion carried.

Public Comments

None

Old Business

None

New Business

a. 2019 Pool Season

Paul reported that he has received over 20 applicants for the 2019 pool season. Skylar Blumhorst would be the pool manager for 2019. Skylar and Paul are in the process of setting up interviews for the open positions.

Kate presented the proposed rate increases for the pool beginning in 2019 season. Larry stated that he thought the increases were excessive and that they could price out Boonville families from visiting the pool this summer. Paul reminded the Board that he did a survey of area pools and that our current fees are similar to other area pools with similar amenities. Kate stated that she had provided the Mayor with a survey of pool fees throughout the state and one of the things identified was that some communities had a resident and non-resident fee. Terry stated that he liked the idea of a resident and non-resident fee because the citizens of Boonville continue to support the pool through the sales taxes paid by shopping in Boonville as well as property taxes. Larry stated that he felt the pool is an important recreation amenity and hoped it could stay affordable and accessible for all.

Larry moved that we send the Mayor and Council suggestions on the proposed rates for consideration. The motion was seconded by Kathleen. Motion carried. (Alternative rate suggestions and comments to mayor/council are attached to the minutes).

b. 2019 Schedule of Fees

Paul explained that included in the new proposed schedule of fees is moving the shelter house reservation from \$15.00 to \$20.00. Paul stated that the \$15.00 has been in place as long as he has been with the City. The Board felt this was a fair increase.

Miscellaneous

- a. Terry asked about the work being done at the Golf Course. Paul explained that was a sewer line extension that was running from to the Clubhouse. We started the project in 2018 but got caught up in the weather. We are back on the project now and will finish this spring.
- b. Terry asked if the baseball fields are ready for the season. Paul reported that they have rebuilt 2 of the 3 batting cages that were damaged by the winter storms and that the City is getting a load of dirt to eliminate the lip between the infield and outfield at Twillman field. Paul also reported that lumber was donated by LaCross lumber to rebuild the steps to the press box on the small baseball field. City crews have completed this work. Depending on weather, Paul state that he was hopeful the baseball team could play on Twillman field this week.
- c. Larry inquired about the soccer fields and their use. Kate explained that the City intends to partner with BSA on the maintenance and management of the soccer complex. We anticipate this partnership continuing till January 2020. At that time, BSA will be the primary entity responsible for the operations of the field.

Adjourn

There being no further business, the meeting was adjourned at 6:35PM

Kate Fjell

Public Works Monthly Report
March 2019

WWTP:

Total flow processed - 45,400,000 gallons

Average daily flow - 1,465,000 gallons

Sludge disposed - 140.96 tons

Remarks:

WTP:

Gallons pumped from river - 30,015,000 gallons

Gallons pumped to customer - 33,273,000 gallons

Remarks:

Water Distribution / Sewer Collection:

Installed or renewed water service - 0

Remarks - Repaired water service line leak at 109 W. Spring Street; assisted BCC staff with jetting sewer line inside prison grounds; assisted with continuing construction of new animal shelter; snow plowing; continued installation of new meters and radio units with 29 meters and 28 radio-read heads for new automated meter reading system; routine sewer line jetting.

Street Department:

Continued excavation at Hail Ridge Sewer Line extension project; snow plowing; cut and hauled storm damaged tree limbs; repaired and serviced equipment; patched pot holes and street cuts.

Central Garage:

Vehicles serviced and inspected -4

Vehicle and equipment repairs - 13

Remarks: Assisted with snow plowing; Supervised street crew in absence of street foreman; Supervised pot hole patching.

Weather (recorded at City Services Bldg.): values recorded missing 10 days of data

Average Temperature - 39.4° F

High Temperature - 70.6° F, Mar 27

Low Temperature - 1.4° F, Mar 4

Total Rain - 3.06"

Maximum Rain - .87", Mar 9

Project Status:

1. WWTP Flow Equalization Basin. Contractor; Lehman Construction. Project substantially complete. Continuing with startup and testing.
2. Rice / Mueller Stormwater Improvements. Contractor; Earthworks Excavation. Project substantially complete. Contractor to return when weather is conducive to seeding.

REPORT OF OPERATIONS

Boonville, Missouri

Water Treatment Plant

March 2019

Submitted by Alliance Water Resources, Inc.

April 15, 2019

City Council Meeting

**OUR
MISSION**

We partner with communities to deliver the finest water and wastewater services available at a competitive price. We are committed to keeping water safe and clean while serving people and taking care of communities with improved technical operations, careful management and financial oversight, and ensured regulatory compliance.

**Alliance Water
Resources, Inc.**

**206 S. Keene St.
Columbia, MO
65201**

(573)874-8080

March 2019

Administrative

- None

Treatment

- Normal operations and maintenance were performed this month.
- Jar testing performed with Cedar Chem.
- Installed new batteries in the high service building generator.
- Pedrotti here to repair starting issue on high service pump #1.
- Worked on the altitude valve on the CAT tower.
- Pre-sed flocculator #2 not running. It is in the process of being repaired.
- Problems with the on-line chlorine analyzers. Hach was here to repair per the maintenance contract.
- Flooding on the river caused a spike in ammonia on raw water. Switched to free chlorine for disinfection. Lower than normal chlorine levels
- Krohn tower hit by lightning. Damage to electrical control equipment. Pedrotti here to repair the equipment.

Project Updates

- Waiting for Alliance pump to pull the west river pump. The flooding has put them behind schedule.
- Roof repair is scheduled for late April.
- CAT tower mixer and power vent project paperwork signed.

Safety

- Safety meeting was on back injury prevention.

Regulatory

- Ten Microbiological samples were taken in the distribution system. All samples tested were absent of Total Coliform and E-Coli. Report sent to DNR. (see attached)

Concerns for the Month

- River flooding.

Positives for the Month

- Still in compliance during the flood.

**OUR
MISSION**

We partner with communities to deliver the finest water and wastewater services available at a competitive price. We are committed to keeping water safe and clean while serving people and taking care of communities with improved technical operations, careful management and financial oversight, and ensured regulatory compliance.

14. The following reactors had a sensor correction factor												
Unit												
Sensor correction factor												
15. COMMENTS												
4 of the off spec events were due to fluctuating flow meter readings that read above 4500 gpm. 1 event corresponded with an increase of ammonia from the river in which the UV-T analyzer read 87% or lower which was the bulk of the total of the off spec water. 2 events were a low dual which included one that was a 0 (zero) in which the reactor sensed that there was low water in the reactor and immediately shut the reactor down, however the pumps had pumped 67 gallons.

NAME OF PERSON PREPARING REPORT Todd Baslee	SIGNATURE OF RESPONSIBLE OFFICIAL <i>Todd Baslee</i>	DATE 4/10/2019
--	---	-------------------

MO 780-1904 (07-13)

INSTRUCTIONS: DISINFECTION AND TURBIDITY REPORT FOR SURFACE WATER SYSTEMS <10,000 POPULATION

Please fill out information completely and legibly.

Distribution Disinfection

1. On line 1, enter the total number of samples from the distribution system analyzed for residual disinfectant concentration (total chlorine or combined chlorine) during the month. The residual disinfectant concentration measurements must be taken at the same time and location as your routine monthly coliform samples. This is the value for A.
2. On line 2, enter the number of samples for the distribution systems that had less than 0.2 mg/L residual disinfectant concentration. This is the value for B.
3. Subtract B, from A. (A-B). Divide that number by A. Then multiply by 100. This will give you the value for C. For example: if A= 20 and B= 3, then $C = [(20-3)/20] \times 100 = 85\%$
4. On line 3, enter the arithmetic average for all residual disinfectant samples taken during the month.

Turbidity:

- 1 On line 1, enter the total number of combined filter turbidity measurements taken during the month. This is the value for A.
- 2 On line 2, enter the number of combined filter turbidity measurements taken during the month, which are less than or equal to 0.3 NTU. This is the value for B.
- 3 Divide B, by A. (B/A). Then multiply that number by 100. This will give you the value for C. For example: if A = 120 and B = 117, then $C = (117/120) \times 100 = 97.5\%$

Hours of operation:

For each day, record the number of hours each water treatment plant was in operation.

Finished Water Temperature

For each day, record the temperature of water entering the distribution.

Lowest Residual Disinfectant at Entrance to Distribution System:

For each day, record the lowest measurement of residual disinfectant concentration (mg/L) in water entering the distribution system (free available chlorine or chloramines).

Duration Residual Disinfectant Fell Below Requirement:

For each day, record the duration (hours, tenths) of each period (if any) when the residual disinfectant concentration in water entering the distribution system fell below 0.5 mg/L free chlorine or 1 mg/L chloramines. Note: should this occur the public water system must notify the department as soon as possible, but no later than by the end of the next business day.

The Highest Turbidity Reading for the Day:

For each day, record the highest turbidity reading on the combined plant effluent during the plants operational period.

Value of Turbidity Measurements that exceed 1 NTU and 5 NTU:

For each day, record the value of any turbidity measurements taken during the month, which exceed 1 NTU and 5 NTU. Note: should this occur the public water system must notify the department as soon as possible, but no later than the end of the next business day.

INDIVIDUAL FILTER MONITORING AND REPORTING

- 1 Was each filter continuously monitored for turbidity and results recorded every 15 minutes? Yes
- 2 Was there a failure of the continuous turbidity monitoring equipment? No
If yes on 2, was the equipment repaired within 5 working days or 14 days with department approval? N/A
If yes on 2, was grab sampling done every four hours until failure corrected? N/A
- 3 Was any individual filter turbidity level >1.0 NTU in two consecutive measurements taken 15 minutes apart? No
If yes, perform follow-up actions step 1.
- 4 Was any individual filter level for three months in a row > 1.0 NTU in two consecutive recordings taken 15 minutes apart? No
If YES, perform follow-up actions step 2
- 5 Was any individual filter turbidity level > 2.0 NTU in two consecutive recordings taken 15 minutes apart for two consecutive months? No
If YES, perform follow-up actions step 3

FOLLOW-UP ACTIONS to PERFORM

1. Report filter numbers, turbidity measurements that exceed 1 NTU and dates the exceedances occurred and causes if known.
2. Conduct a self-assessment of the filters within 14 days of the triggering event. The system must report the data self-assessment was triggered and the date it was completed.
3. The system must arrange to have a comprehensive performance evaluation performed not later than 60 days following the triggering event. The evaluation must be completed and submitted to the department within 120 days following the triggering event.

The Missouri Department of Natural Resources-Public Drinking Water Branch recommends contacting your local regional office if any individual filter exceeds 1.0 NTU, the lowest trigger in the individual filter standards.

MO 780-0488 (05-13) Return completed form to Department of Natural Resources, Public Drinking Water Branch, P.O. Box 176, Jefferson City, MO 65102-0176

Wide Area Progressive Jackpot Contribution Reported as Manual Jackpot on Third Saturday of Month

Page 7 of 13

The Jesse Viertel Memorial Airport established in 1974 is located approximately 3 miles south east of the City Of Boonville. The airport sits on 197 acres and has a 4000 x 75 foot runway. The runway is designed to accommodate 100% of aircraft that are 12,000 pounds or less and 75% of the general aviation fleet weighting between 12,500 and 60,000 pounds. The Airport has 34 operations daily with an estimated over 12 thousand operations annually. These operations include 68% local general aviation, 31% transient general aviation, 3% air taxi and 2% military. We are expecting the operations to increase in 2019/2020.

The airport currently has 54 based aircraft. As compared to Sedalia with 21 based aircraft, Marshall has 22, Columbia has 45, Moberly 28 and Fulton 36 based aircraft. The airport has 40 T- hangars and 5 "box" hangars and open shed type hangars. The hangars are at capacity and have been since their construction. Given the shortage of hangars in central Missouri and our low turnover rate the hangars are expected to remain full. The airport experiences about 3% turnover annually. The turnover rate is due to external factors not related to the facility or the service capabilities of the airport. The turnover rate is due to tenants moving residence or retiring from aviation and selling their aircraft.

The airport has several required annual inspection. In 2018 the airport was inspected by several agencies both federal and state. The Transportation security Administration (TSA), The Federal Aviation Administration (FAA), The Department of Natural Resources (DNR), The Department of Agriculture (three times yearly) and The Missouri Department of Transportation (MODOT) All inspections went very well,

The Next project slated for the airport is a runway replacement. The project is estimated to begin 2019/2020 physical year. The runway will be temporarily closed during the construction project. This closure will present some challenges for the airport and tenants. We will be working with the tenants to minimize the inconvenience imposed by this project.

The Airport would like to give a special thanks to the Angelo family for their generous donation. They Donated a bench to the airport in memory of Mike Angelo, Mike Angelo was involved in the development of the airport.

Animal Control 2018 Annual Report

The Boonville Animal Shelter is undergoing a transition to a new shelter, which will make staff and animals happy. Once the ground dries out, city crews will do final grading and install fences and sod; at which time we will officially move to the new building. There is a pending inspection by the State for the building and our work, which should occur in late March. The result of this inspection will be the continued licensure of our organization for another year.

In addition to the building, the Animal Shelter also maintains two vehicles for use. The van was purchased in 2016 and is our primary vehicle for our work and is outfitted to pick up animals for transport. We also maintain a truck which was purchased in 2005.

Here is the basic statistics on the number of dogs and cats we picked up and the ultimate outcome of their case.

	Dogs	Cats	Percentages
Total Animals Received	111	40	
Returned to Owner	60	7	54% Dogs/ 17.5% Cats
Animals Euthanized	3	15	2.7% Dogs/37.5% Cats
Animals Rehomed	48	18	43.3% Dogs/45%

Regarding the dogs, a few items to note. Typically, when we pick up a dog if it is friendly, sociable and not a threat we put the dog in our shelter and attempt to find the owners. Some of the dogs are repeat customers of our shelter, so this is an easier return process. Other times, we rely on social media or citizens reporting their dogs missing or other methods to find the owner. If the owner is not located, we will put the dog up for adoption. Sometimes, we may move the dog to 2nd Chance or another rescue shelter that has greater visibility or is in a bigger city to speed up its' adoption.

Unfortunately, we sometimes are called to recuse a dog that has severe health issues/ challenges. In these instances, we will bring the dog to a local Vet who does a health examination and if he/she agrees with the poor health of the dog it will be euthanized.

Additionally, if while attempting to rescue a dog it displays aggressive tendencies or is very difficult to handle, we also take this dog to a vet to make a determination on the dog's aggressive nature. After visiting the vet, these dogs come back to the shelter for 5 days. If no owner is identified and the dog is still aggressive it will be euthanized. This action is seldom necessary. However, if the dog has calmed down or is less aggressive, I try to find a rescue organization which can try to rehabilitate the dog.

For the cats, we will euthanize feral and sick cats; all others we try to rehome.

We have relationships and partnerships state wide with rescue organizations and individuals who will facilitate the transportation of animals to a shelter. We work very closely with 2nd Chance in Columbia.

Year End Totals/Building Department.
2/28/2018 Through 2/28/2019

Permits Issued = 180

Permit Total = \$22,733.⁷³

Construction Value - Residential = \$1,287,500.⁰⁰

Construction Value - Commercial = \$5,205,000.⁰⁰

Projects Include

Major Wal Mart Remodel

Senior Center Remodel

Mark Mellon Storage Unit

Remodel at Boone Village Plaza

Excel Fitness Solar Installation

Love's Truck Stop Remodel/Addition

Bradley Motors Remodel

Remodel for Gateway Wireless - Boone Village Plaza

Major Remodel Arby's - US Beef Corporation

The Love Restaurant Addition

New Commercial building - BTC Bank

New Commercial Building - Cooper County Ambulance District

Car Charging Station Installation at Wal Mart

Did not sell any new residential permits this reporting period.

Economic Development/ Capital Projects Annual Report FY 2018-2019

Economic Development

FY 18-19 has been a busy year for economic development and capital projects for the City. Traditional economic development is undergoing a transition since the agreement with MU was cancelled. Kenny Hirlinger, IDA chair and myself have been working to do the work of Jim Gann during this time of transition and change. While not aggressively marketing ourselves, we have submitted eligible buildings on several requests for information that have come through Missouri Partnership. We also were #2 in a search by an out of state company looking to relocate in Missouri. Many thanks to Kenny Hirlinger, Jim Gann and all the IDA for helping to keep us moving forward during this time.

Economic Development has also spent considerable time with the Mayor's Select Committee on Housing. The Committee submitted a preliminary report in September 2018 that identified potential land tracts that could be used for residential development and potential developers. Another major need identified by the committee was to better market our community to Columbia citizens and perspective citizens. This work will continue in the coming years and the new economic development organization will take the lead on this project.

Planning and Zoning

I have assisted with the planning and zoning efforts of the City this year. In partnership with ML and Steve Hage, we have had several annexations and commercial developments in the City. During the year we reviewed 3 voluntary annexations and 3 commercial projects that ultimately were approved by City Council.

Capital Projects

After several long construction seasons, Mother Nature finally cut up with us and we didn't accomplish as much as we had hoped. We are still waiting for the ground to thaw and dry out before we can get back out to continue our work. A few notes on major projects that we planned for FY 18-19:

1. Project Pele: The Soccer fields are essentially completed, and we were "open" for business in fall of 2018. We have a punch list of items to be completed this coming year, mainly encompassing some drainage improvements and sidewalk completions. This spring and fall we will have significantly more traffic on the fields, including 3 big tournaments, National, Regional and State League games, 3V3 league, Stephens College, Olympic Development Program and field rentals. This coming year will be a good learning year for us in regard to operational costs and time needed for upkeep, mowing, cleaning of the complex, etc.
2. Landscaping/Beautification: We have slowly been trying to add more landscaping and beautification to our tourist areas. This year we put fencing and plants at the 2nd Street corridor by the museum. We also added pots at Bridge Avenue and at the Bridge itself. We are limited in our efforts to do more landscaping until we have increased staffing.
3. Kemper: We have completed the asbestos abatement of K barracks and are now preparing for demo. As plans evolve and develop for Kemper, we will continue to work in the area.
4. Hwy 87 Water Line: We are still in process of getting the necessary easements before any work can begin.
5. I/I Basin: This project is mainly completed. The contractor has a few remaining items to complete. The City crews will need to install the barrier fence around the basin.
6. STP Project (Main Street mill and overlay): This project is being rolled over into the spring.
7. Security: Socket is installing fiber at several City properties. Teresa and I are working towards completing an inventory of security needs that will be compiled and put out for bid. This project will continue into the spring/summer.

BOONVILLE FIRE DEPARTMENT

2018 REPORT

In 2018 we made great strides in updating our fire apparatus. We purchased a new Rescue-Mini Pumper from Precision Fire Apparatus. Our old rescue unit is still in service as our air truck and secondary rescue truck. We also purchased a 101' Aerial Platform truck from Sentinel Emergency Solutions. The 1985 ladder truck and 1975 engine were sold.

The department responded to 801 calls in 2018. Of those calls 657 were medical which accounts for 82% of the calls. These figures have remained fairly steady over the last 10 years. As you can see our rescue truck is our most run unit.

The department continues to conduct Fire and FOG [fats oil and grease] inspections. After 4 years of having our FOG program people are really doing a pretty good job of taking care of their grease disposal.

The department participates in numerous events throughout the year for fire prevention. The busiest time is Fire Prevention Week. We visit all the area elementary schools and numerous pre-schools. The materials we handout throughout the year are fully funded by area business's and organizations. We partner with the National Fire Safety Council to provide our materials. Last years donations totaled \$2,500. This money goes into our account with the National Fire Safety Council and we use it throughout the year for our materials.

Our number of part-paid personnel remains about the same. We constantly have turnover due to people moving, different jobs, family responsibilities etc. We have several firefighters that are members of our department and CCFPD. These seem to be the most interested and involved. As we have discussed getting people to respond is getting harder with everyone's busy schedules, but we continue to try and hire firefighters that we feel can be an active member.

2018 was a very successful year for the department with the major equipment purchases. I feel our ability to protect life and property has been greatly enhanced.

Annual Activity Report for Parks and Recreation

Our normal operation consisted of mowing, taking care of ball fields and cleaning shelter houses. We also spent a considerable amount of time at the new soccer fields, installing fence, building walls and many other operations to keep the place as neat as possible. Installed new metal trash cans in both cemeteries. We completed the work at our shed at Harley Park, insulation, ceiling, and wiring for lights and outlets. As you know mother nature had a sense of humor this year causing us to spend several weeks dealing with cleaning up trees and limbs. It also took out all three batting cages, which we have two of those back in operation. The other one will be completed as soon as the equipment arrives. We have ordered an infield mix to level up to of the infields on ballfields which has not arrived yet. We removed the old steps going to the press box on the Little League field, and with the help of Brent Welch getting the materials donated we were able to build a new set of steps. Also added new fencing to the dugouts on this field, and refurbished the four dugouts at the Kemper fields. As far as the Aquatic Center it was a good year with minimal difficulties. I have a new manager at the Aquatic Center this year , but I see no problems looking forward. The guys have started power washing and getting the pool ready for the new season. With all that said, spring is here so we are ready to face the challenges of the new year.

Paul Linhart

09 April 2019

Boonville Police Department
Chief Bobby Welliver

2018-2019 Annual Report

- 1. Crime Statistics:** I have attached the crime statistics for 2018 along with the call records. Our department received 14,937 calls for service in 2018. We took 981 Crime Reports

We are fortunate that we do not have many major crimes in Boonville, but we still handle many calls for service and crime reports. I feel our officers and detectives work hard to solve crimes in Boonville and I think the statistics bear that out. Our department also works hard to offer services to the community such as house watches, unlocking of vehicles, accident reports on private property, medical assists, etc. Most departments do not offer these services, but we still believe that service to the citizens of Boonville should remain a high priority with our department.

- 2. Equipment:** In Fiscal Year 2018-2019 we added the following equipment:
 - a. Patrol Vehicles:** In general, we purchase one new vehicle and one used vehicle per fiscal year. This seems to work well for the department.
 - b. New Telephone System:** STI installed a new telephone system for the department. It should last for many years and we are satisfied with the performance and service.
 - c. MOSWIN Radio System:** We converted to the State of Missouri MOSWIN Radio System. This system is designed to be used by all emergency agencies within the state. It operates on a digital platform. This system should last us for many years into the future.
 - d. Rapid ID System:** We were able to secure a grant through the Missouri Police Chiefs Association for two of these devices. These devices allow an officer in the field to take a digital fingerprint and identify a person who is uncooperative or supplying suspected false information.

- e. Bulletproof Vests:** We participate in the BVP Grant which reimburses us 50% of the cost of a bulletproof vest. The cost of a vest is app. \$1,100.00.
- f. Mobile Ticketing:** We transitioned from writing citations by hand to a mobile ticketing system. It allows our officers to write the citations using their MDT car computers. The City and State Prosecutors have been mandated to transition to the electronic transfer of citations by the courts. Our mobile ticketing system allows that to occur.
- g. Nalxone/Narcan:** We were able to get a free supply of Narcan from the Missouri Department of Health under an ongoing grant. All our officers are required to carry doses on their person. They can administer a dose to a person who has overdosed on heroin or opioids to reverse the effects of the drugs. Our officers have already saved one life by administering Narcan.
- h. Less-Lethal Weapons:** We purchased both less-lethal shotguns and pepperball weapons for use. Both tools are an effective way to neutralize a person without the need for lethal force.
- i. Reserve Portable Radios:** We were able to secure a Local Law Enforcement Block Grant from the State of Missouri to purchase three portable radios for use by our reserve officers. The cost was \$5,400.00 with no cost to the city.
- j. MIBRS:** The Federal and state governments have mandated that all law enforcement agencies throughout the United States transition to an Incident Based Report System to report crime statistics to the FBI by 2021. Our CAD/RMS vendor worked closely with the state to start the implementation process well ahead of the due date. Our department chose to begin our transition in December 2018. We are currently in the process of filing our reports through MIBRS and will gain certification in April 2019. Our certification will be almost two years earlier than required but we felt that gaining certification as early as possible was the correct thing to do. This mandate did not cost the City of Boonville any money which was a nice surprise.
- k. Computers and Equipment:** We currently have 30 computers in use within in the department. These include desktops, laptops and MDT's for the patrol vehicles. We were able in this fiscal year to finally get all the computers and equipment up to date. Due to technology advances this will be an ongoing issue for the department.

- I. **Body-Cameras and In-Car Cameras:** We recently ordered and paid for all new body-cameras for our officers. They will be delivered in Mid-March. Our original body-cameras are approaching the end of their life expectancy so replacing them is essential. We will retain the older cameras for use if the new cameras need service or repairs.

The Body-Cameras and In-Car cameras are essential to our operations. Since obtaining the cameras the rate of complaints has fallen significantly. What we have found is the videos almost always exonerate our officer(s) of wrong doing. In 2018 we received only five citizen complaints. None of those were substantiated. Thus far in 2019 we have received no citizen complaints.

In my opinion I think the In-Car and Body-Camera programs are a must to keep in the future.

3. **Training:** Our officers are mandated by the State of Missouri to obtain 24-hours of continuing education per year. We use an on-line training company to fulfill those requirements. We also must send our officers to specialized training for Drug Investigations, Criminal Investigations, Management Training, Crisis Intervention Training, etc. In 2018 our officers attended 1,523 hours of training which averages out to 72.5 hours per officer. As you can see that is almost two weeks of training per year per officer.
4. **Employees:** We have a stable top echelon within the police department. We are experiencing a very high turnover rate among our new employees. There are several reasons for this trend. There are less people entering the law enforcement field which in turn lessens the people eligible for us to hire. A big obstacle for us to attract and retain employees is pay. Our starting salary is \$32,243.00. With the job openings throughout Missouri our salary does not compare well. The only solution to this problem is to find money for an increase in employees' salaries. I believe that our officers across the board deserve significant pay raises so we can become more competitive in recruiting and retaining employees. If we paid more in salary, we could potentially lessen the costs associated with training and equipping new officers. I believe that police officers mandated training and requirements to be licensed in Missouri rise above the average employee and they should be compensated for it.

I believe the City of Boonville offers an above average benefit package for a town our size. The employees receive no cost or low-cost health insurance depending on the choices they make. The employees can also purchase dental and eye care.

The city also pays for \$35,000.00 of life insurance for each employee.

Boonville also offers a defined pension through LAGERS at no cost to the employee. We recently increased the pension plan through a combination of city funds and employees putting a salary increase toward funding it. This was approved by the city employees by vote. Most of the long-term employees would like to see the city move the pension plan to the next level which would be one of the higher levels offered. We currently are in the L-12 Plan which has a multiplier of 1.75%. The L-6 has a multiplier of 2.00%.

Examples using 25 Years of Service, Average Annual Salary of \$25,000.00.

L-12: $\$25,000.00 \times 1.75 = \$1,093.00$ per month

L-6: $\$25,000.00 \times 2.00 = \$1,250.00$ per month

Most of the long-tenured employees I have spoken with would be open to giving up another pay raise to get this accomplished. Of course, it would be dependent on the cost to the city. I think this would also move us in the direction of attracting and retaining quality employees.

The city also allows for vacation time, sick time, family leave time, overtime, and comp time. I believe the city policies are liberal and the employees appreciate these benefits.

The Boonville Police Department hosted an Employee Appreciation Dinner which was well received. We awarded Patrol Officer of the Year, Supervisor of the Year, and Communications Officer of the Year Awards. The employees enjoyed the day and we hope to make this an annual event. I believe efforts such as these by the City would go a long way towards showing employees they are appreciated.

Maximum Rain - 1.90", June 26

Projects Completed or Substantially Completed:

1. WWTP Flow Equalization Basin. Contractor; Lehman Construction.
2. WWTP Clarifier #1 Scum Trough Rehab. Contractor; Mid Mo Environmental.
3. Krohn Street Curb and Gutter Improvements. Contractor; Concrete Solutions.
4. Asphalt Pavement Seals 2018. Contractor; Vance Brothers.
5. Rice / Mueller Stormwater Improvements. Contractor; Earthworks Excavation.

TOURISM FY18-19 ANNUAL REPORT

Visitors- On average, we had over 1000 visitors in the Visitor Center and Museum each month during peak tourist season April - October. Some of the farthest places people traveled from are Hawaii, the Netherlands, London, Switzerland, Costa Rico and Ireland. Some of the draws that brought visitors to the area were to experience the Katy trail, Warm Springs Ranch, the History, our Museums, the Casino, Sports tournaments and geonology research. Many came off the interstate, made Boonville their trip destination for day trips and overnight and used Boonville as a hub to explore the Boonslick and the rural areas.

Group Tours- We had 29 Bus group tours from in state and the regional area, as well as over 20 car club tours for the Mitchell Car Museum with some coming in from Oklahoma, Tennessee, Illinois and all over Missouri.

Bike Events- Some of the largest Bike events were held in town were the Pedalers Jamboree, four Road Scholors Rides, Katy Trail Bike Ride, The Big BAM, Festival Bike Ride and the MO Bike Ride.

Advertising- This year we added a third Billboard right off the Main St exit, to capitalize on the interstate traffic, and the other two are farther out along I-70 coming from both directions. Some of the larger publications we advertised in are Missouri Life, Bike St Louis-Terrain, Midwest Living- Best of the Midwest, Travel Midwest, Inside Columbia, Boonslick Guide, Day Trippin' and Missouri Scenic Rides and Drives. There are multiple digital campaigns that are apart the print marketing with those as well. We also have a contract with a distribution complany to print and distribute our brochures to hotels and visitor centers all along I-70.

Organizations and Memberships- I am a member of the Boonslick Tourism Council, Mid Missouri Tourism Council, Old Trails Tourism Council, Heartland travel, Missouri Travel Council, Lewis and Clark Marketing Partnership and the Missouri Association of Convention and Visitors Bureaus. This year I attended many meetings and couple of conferences with those organizations. We are also a part of the Missouri Civil War Passport program.

Visitor Center- The Visitor Center has become a huge asset for visitors to the area for information and with the museum growing, we are seeing the opportunity to create more events using the space. We have seen several school groups through, small local schools, Mennonite schools and home school groups coming for field trips and excursions. The space has been rented out for several meetings, historical groups, bus groups catered lunches, and even a wedding rehearsal dinner. We now feature several apparel items and souvenirs for visitors, and cyclists. We are continually adding to the museum side as we receive new items and as budget allows. We have created several family and kid friendly activities in the museum and have recently expanded the kids area. We would like to feature some interactive summer history programs this upcoming year. The past October we had a Haunted Night and the Museum Event that we hope to make an annual event.

Tourism Grants- We currently have a state tourism marketing grant that helps toward our billboards. We gave away \$15,000 in local tourism grants for various events and Sports Tournaments such as Big Muddy, Festival of the Arts, BSA Futsal, Cal Ripken, Babe Ruth, and the Katy Bridge Wine Walk and more.
