DISCUSSION OF MISSOURI SOCCER PARK AGREEMENTS

Ms. Kate Fjell, Assistant to City Administrator, informed the Council that a brief memo was included in the council packet discussing the soccer agreements with the Boonville R-1 School District and Boonville Soccer Academy, Inc. (hereinafter BSA). The drafts for each agreement are included in the council packet. In both agreements, there are several places noted that a specific item will be revisited once everyone has more clarity. Currently the City of Boonville and Boonville R-1 School District are working together from a memorandum of

understanding from 2016. Ms. Fjell stated that the City of Boonville has a great working relationship with the school district. These agreements are just a formality stating what our obligations to each other consist of. Ms. Fjell stated that one of the agreements is relating to the management and maintenance of the fields, which will be with BSA. Ms. Fjell noted that the school district is a signature on that agreement because so much of their property is sharing their space for the soccer fields. Ms. Fjell stated that the other agreement relates to the ownership and management of soccer field park itself, detailing how the City of Boonville will co-own space with the Boonville R-1 School district. Ms. Fjell stated that the school board, along with their attorney, has reviewed the agreements and the school board will be addressing this at their next meeting on Wednesday, June 5. Ms. Fjell stated that the administration at the school level is fine with the agreements. Mayor Beach stated that he likes the flexibility in the agreements making it easier to work with individual issues as they arise. Mayor Beach inquired of the possible execution date for the agreement. Ms. Fjell responded that the school board only meets once a month (third Wednesday of the month) and they will discuss the agreements on June 19, and again on July 17. Ms. Fjell feels that the City should have a good feel as to where the school board stands with the agreement. Ms. Fjell informed the Council that if they prefer, they can wait until the school board executes the agreement, then it can go to Council for their consideration. The consensus of the Council was to wait for the execution of the school board before the agreement is considered. Ms. Fjell reminded the Council that this agreement will come back as a resolution, as all agreements do.
